

TECHNICAL DETAILS – testo 750-3

DC voltage	
Measuring range	12 to 690 V
Resolution	max. 0.1 V
Accuracy	± (3 % of mv + 5 Digit)
AC voltage	
Measuring range	12 to 690 V
Resolution	max. 0.1 V
Accuracy	± (3 % of mv + 5 Digit)
General technical data	
Operating humidity	0 to 95 %RH
Weight	295 g
Dimensions	270 x 70 x 35 mm
Operating temperature	-10 to +50 °C
Product colour	Black

General technical data	
Protection class	IP64
Standards	EN 61243-3; EN 61326-1; EN 61010-1
Battery type	2 AAA micro batteries
Display type	LCD
Display size	one-line
Storage temperature	-15 to +60 °C
Overvoltage Category	CAT IV 600V; CAT III 1000V
Authorizations	CSA; CE
Instrument Measurement Functions	
Continuity testing	yes
Display lighting	yes
Hold	yes
RDC/RC trigger function	yes
Rotating magnetic field testing	yes

Instrument Measurement Functions	
Single pole phase testing	yes
Measuring point illumination	yes
